(b) Schedule of Liquidated Damages

City and Contractor recognize that time is of the essence in the performance of this Agreement and that City will suffer financial loss in the form of contract administration expenses (including project management and consultancy expenses), delay and loss of public use, if Contractor does not complete its Services and the Deliverables associated therewith within the respective times specified in this Agreement and in the SOW, plus any extensions that are allowed in accordance with this Agreement. Contractor and City agree that because of the nature of the Services as provided by this Agreement, it would be impractical or extremely difficult to fix the amount of actual damages incurred by City because of the delay in completion or timely delivery of the Services. Accordingly, City and Contractor agree that liquidated damages shall be assessed. For each consecutive calendar week in excess of the time specified for the completion of a Deliverable, Contractor shall pay to the City or the City may deduct from monies due the Contractor, the liquidated damages in the amount of $250.00 per day for the items not delivered in accordance with the schedule set forth in the SOW. The contractor shall not be liable for liquidated damages for delays caused by the City, or circumstances beyond its control and without its fault or negligence.

14. Limitation on Liability

(a) Either party's liability to the other party for any and all liabilities, claims or damages arising out of or relating to this Agreement, howsoever caused and regardless of the legal theory asserted, including breach of contract or warranty, tort, strict liability, statutory liability or otherwise, shall not, in the aggregate, exceed $5 million dollars or the amount actually paid to Contractor under this Agreement or whichever is greater.

(b) In no event shall either party be liable to the other for any punitive, exemplary, special, indirect, incidental or consequential damages (including, but not limited to, lost profits, lost business opportunities, loss of use or equipment down time, and loss of or corruption to data) arising out of or relating to this Agreement, regardless of the legal
theory under which such damages are sought, and even if the parties have been advised of the possibility of such damages or loss

(c) This limitation of liability shall not apply to all actions, demands, or claims by any third party for death, bodily injury, damage to tangible property in connection with or arising under this Agreement, nor to any intentional misconduct, recklessness, or gross negligence or to Contractor's Confidentiality and indemnification obligations as set forth in Section 9, Section 16(a)(2) and 16(a)(3), respectively of this Agreement

15. **Performance Bond**

Contractor shall provide 100% payment and performance bonds for the Services and work to be performed by Contractor and Contractor’s employees, contractors, subcontractors, consultants, servants, and agents under this Agreement. Contractor proposes to comply with these requirements to provide a Payment and Performance Bond for the Service Agreement if selected and pending contract negotiations with the following proposed conditions,

Furthermore, the City of Oakland requires that all of its contractors comply with their ADA obligations and verify such compliance by signing the Declaration of Compliance incorporated here as Schedule C-1.

5. **Local and Small Local Business Enterprise Program (L/SLBE)**

a. **Requirement** - There is a fifty percent (50%) minimum participation requirement for all professional services contracts $50,000 or more. The requirement may be satisfied by a certified prime consultant and/or sub-consultant (s) or a small local certified firm may meet the twenty percent requirement. A business must be certified by the City of Oakland in order to earn credit toward meeting the twenty percent requirement.

b. **Good Faith Effort** - In light of the fifty percent requirement, good faith effort documentation is not necessary.

c. **Preference Points** – Preference points are earned based on the level of participation proposed prior to the award of a contract. Upon satisfying the minimum fifty percent requirement, a consultant will earn two (2) preference points. Three additional preference points may be earned at a rate of one point for every additional ten percent participation up to eighty percent participation of the total contract dollars spent with local Oakland certified firms.

d. A firm may earn up to five (5) preference points for local Oakland business participation and additional preference points for being a long term certified business in Oakland regardless of size and for having an Oakland workforce.

f. **Additional Preference Points** For Request for Proposal (RFP) and Request for Qualifications (RFQ), additional Preference Points may be earned for having an Oakland workforce on Non-Construction Contracts.

g. Earning extra preference points for having an existing work force that includes Oakland residents is considered added value. The Request for Proposal "evaluation" process allows for additional preference points over and above the number of points earned for technical expertise. Typically 100 points may be
earned for the technical elements of the RFP Preference points are awarded over and above the potential 100 points

The *Exit Report and Affidavit* (ERA) — This report declares the level of participation achieved and will be used to calculate banked credits. The prime consultant must complete the Schedule F, *Exit Report and Affidavit* for, and have it executed by, each L/SLBE sub consultant and submitted to the Office of the City Administrator, Contracts and Compliance Unit, along with a copy of the final progress payment application.

**Joint Venture and Mentor Protégé Agreements** If a prime contractor or prime consultant is able to develop a Joint Venture or “Mentor-Protégé” relationship with a certified LBE or SLBE, the mentor or Joint Venture partners will enjoy the benefit of credits against the participation requirement. The City of Oakland (City) is home to a strong and diverse business community, located at the geographical center of the San Francisco Bay Area. Oakland is the largest and most established of the East Bay cities. The Gross Metropolitan Product (GMP) for San Francisco-Oakland-Fremont, estimated at $298.7 billion for 2007, ranks in the top 10 metropolitan economies in the United States, reported in the United States Conference of Mayors, 2008. The City of Oakland plays an important role in this economy by establishing public safety, promoting economic development, sponsoring and stimulating innovative social and educational programs within its diverse neighborhoods, and improving the quality and efficiency of City services.

The Port of Oakland (Port) is an independent department of the City. The Port area is situated along approximately 20 miles of waterfront. The City has operated a public harbor to serve waterborne commerce since its incorporation in 1852 and has operated an airport since 1927. The Port currently has seven (7) marine terminals and 36 gantry cranes that support more than 25 domestic and international shipping lines linking the Bay Area with direct all-water service routes to most of the world’s major producing, consuming, and trading economies. The Port is ranked as the fifth busiest cargo container port in North America and has adequate capacity to accommodate future growth.

The Joint Domain Awareness Center (DAC) is the result of a City of Oakland and Port of Oakland Memorandum of Agreement to share information and resources to enhance Maritime Domain Awareness and improve safety and security of the Port of Oakland area and of the City’s first responder agencies. As a result of this agreement, the City and Port obtained grant funds to design and build the DAC.

The post September 11, 2001 environment demands the development and deployment of a comprehensive technology interface that integrates key City of Oakland, Port of Oakland, and third party stakeholder systems. The automation of primary safety and security related tasks and identification of specific countermeasures to various threat scenarios are essential to enhanced safety and security of the City/Port environments. The Domain Awareness Center is envisioned to include the integrated use of electronic security systems, monitoring systems, advanced communications systems, and information routing and sharing, to be utilized for day-to-day operations and in elevated scenarios that require utilization of the National Incident Management System (NIMS),
the National Response Framework and/or the Standardized Emergency Management System (SEMS).

Operational capabilities in the City and Port will be improved by creating a platform for interagency coordination. A joint coordination center that can allow for participation of Oakland Police Department (OPD), Oakland Fire Department (OFD), Office of Emergency Services (OES), and the Port (and facilities within the Port), with the potential for expansion of participation to include other regional partners, will improve operational coordination and mission execution by providing a common operational platform and single focus for prevention, preparedness, response, recovery and mitigation. To enhance and further facilitate safety and security City/Port of Oakland, a Domain Awareness Center will be constructed to facilitate the operation of this integrated system and provide for real-time incident level information sharing between partnering entities and agencies.

**Sensitive Security Information (SSI)** Certain, pertinent sections of this RFP, and attachments of, are considered Restricted Documents. **Only Proposers who intend to act as the Prime Contractor may obtain the Restricted Documents; the documents can be obtained at:**

Port of Oakland  
Engineering Services Counter, 2nd Floor  
530 Water Street  
Oakland, CA 94607

**To make arrangements to obtain copies of the Restricted Documents, please contact Bill Russell, at the Port of Oakland, at brussell@portoakland.com or (510) 627-1439.**

To obtain Restricted Documents, the Proposer must submit a $5,000 refundable deposit in the form of a company check made payable to “Port of Oakland” Said check shall contain Proposer’s pre-printed company name, address, and phone number. Distribution of the Restricted Documents is therefore controlled, as mandated by Federal and State regulations and as specified in the Port’s “Document Control Affidavit”, Attachment D. The person who picks up the Restricted Documents must submit the affidavit signed by the Chairman, President, or Vice President of the firm requesting the Restricted Documents. It shall be the responsibility of the Proposer to distribute the Restricted Documents to their intended sub-consultants and subcontractors, subject to Federal and State regulations and the City’s Document Control Affidavit.

II. SCOPE OF SERVICES

General: Based on the findings contained in Phase 1, or, Conceptual Design of Port of Oakland/City of Oakland Joint Domain Awareness Center findings/deliverables (Concept of Operations, Technology Linkage, and Architectural Programming), the scope of work in this RFP or Phase 2 is defined via two parts.

Part A - Design-Build-Maintain Technology Linkage System, based on the findings/deliverables of Phase 1, includes all labor, tools, materials, appliances, equipment, transportation, and services for the integration, enhancement, development, configuration, and maintenance of the specified systems (existing and new) relative to the DAC. Part A, for the purposes of this project, will be referred to as “DAC-TLS” (“Domain Awareness Center-Technology Linkage System” or “Technology Linkage System”). The Domain Awareness Center is envisioned to function as defined in the Phase 1 – Concept of Operations document. The DAC-TLS must support the CONOPS and also follow a similar technology model (integration architecture and desired system functionality) as defined in the Phase 1 – Technology Linkage document.

Part B - Design-Build Existing Building Improvements, based on the findings/deliverables of Phase 1, includes all labor, tools, materials, appliances, equipment, transportation and services for completing the scope of work, for the purposes of this project referred to as “DAC-EBI” (“Domain Awareness Center – Existing Building Improvements” or “Existing Building Improvements”). These improvements, and procedures to follow for the purposes of implementation of the improvements, are defined in the plans and specifications, the plans and specifications are the Architectural Programming documents of Phase 1.

This RFP solicitation requires a Systems Integrator for the Hardware/Software Design-Build-Maintain Project, or, Part A mentioned above. The Systems Hardware/Software Integrator will also be responsible for implementation of Part B and shall obtain the services of a contractor to perform the work, a) Final Design/Engineering – Professional Engineer Registered in the State of California and b) Construction – Contractor is responsible to possess all applicable classifications of California Contractors License(s), and license(s) must be in good standing per http://www.cslib.ca.gov/ prior to, and during, completion of any work.
Proposers may partner or subcontract for services as needed, however, the successful Proposer will be responsible for the entire Scope as set forth in this Scope of Services. Subsequently, the selected Proposer as the Consultant will be solely responsible for coordinating the activities of all team members, and ensuring that the scope is fulfilled to the City’s satisfaction in accordance with the agreement.

Project Overview: The project is designed to enhance prevention, response, and recovery for security/emergency response operations (day-to-day and emergency tempos) in the maritime area of the City/Port of Oakland, surrounding areas, and the supporting transportation and utility networks. Part A, mentioned above, shall deliver a comprehensive DAC-TLS that consists of configuration data, hardware, process documentation, training and support designed specifically for day-to-day public safety operations, security, emergency responses, and business recovery uses and applications tailored to the specific needs of the City/Port. The DAC-TLS is expected to support City and Port systems identified in the Phase 1 Technology Linkage Document and systems which are to be further defined, inventoried, and classified in this scope of work. The DAC-TLS solution is expected to be capable of providing long term support to the systems chosen for integration in this project and include flexibility to allow integration of additional systems in the future. This part of the project focuses on the specification, procurement, deployment, integration and support of the identified systems in the DAC. This project will include timely propagation of event/alarm data back to the DAC as well as being inclusive of the hardware and software that will store, serve, display, and allow sharing of that data.

This project is envisioned to produce a secure, web-accessible DAC-TLS that will provide information on critical infrastructure assets and will consolidate, migrate and integrate DAC-TLS’ event and alarm information from the City/Port systems, and allow for that information to either be viewed and controlled via the individual systems’ native application at the DAC or to be integrated into a Common Operational Platform (COP) manner at the DAC. All systems within the scope of this work shall be specified to provide “openness” in architecture to seamlessly integrate all systems information data into this COP environment. Information viewed by the DAC as a result of these systems will be done in conjunction with DAC viewing of separate, existing systems, such as City GIS, Port CCTV systems, and various communications/dispatching systems. The DAC-TLS will provide tools for focused response to mitigate security threats by providing the DAC and subsequent responders with the information they need to immediately respond to or revisit situational threats.

The core project goals of Part A/DAC-TLS, include, but are not limited to:

1. Based on review of the CONOPS and Technology Linkage Documents, validate City and Port Systems to be accessed in the DAC.
2. Based on review of the Technology Linkage document, and additional necessary investigation, assess existing network infrastructure requirements and identify additional requirements.

2. The City Council reserves the right to reject any and all proposals.

3. Local and Small Local Business Enterprise Program (L/SLBE)

   a. Requirement – The minimum 50% Local and Small Local Business Enterprise Program (L/SLBE) has been waived for the professional services portion of this project. The 50% minimum participation requirement for all construction contracts at or over $100,000 is applicable to the construction services portion of this project. There is a 50% minimum participation requirement for all
construction contracts at or over $100,000, all professional services contracts over $50,000, and all purchases of commodities, goods and associated services over $50,000 Bidder/consultant status as an Oakland certified local or small local firm and subcontractor/subconsultant status as an Oakland certified local or small local firm are taken into account in the calculation.

The City has waived small local business enterprise (SLBE) subcontracting requirements for Oakland certified local businesses that apply for professional services contracts as the prime contractor with the City. The SLBE requirements still apply for non-certified LBEs and non-local business enterprises.

There is also a 50% L/SLBE trucking participation requirement to enhance the participation of locally based trucking firms in city funded public works projects. In the case of construction projects where trucking is warranted, 50% of the total trucking dollars must be allotted to certified (Oakland) Local Truckers. The City will identify in bid specifications when the 50% local trucking requirement is applicable. It is important to note that failure to comply with the 50% trucking requirement will result in a non-responsive bid.

b Requirement – For Construction Services, 50% Local Employment Program (LEP): For any construction contract or development agreement with the City this policy establishes a goal for Oakland-resident employment on public works projects (as such projects are defined in this policy). Specifically, for work performed at the construction site, this policy establishes a goal of 50% of the work hours, which must be performed by Oakland residents on a craft-by-craft basis. In addition, a minimum of 50% of all new hires on the project (on a craft-by-craft basis) must be Oakland residents, and the first new hire must be an Oakland resident. A contractor or developer must achieve the goals or secure an exemption from the City.

c Oakland’s Local Employment Program applies to this contract. This program requires contractors to hire local residents for public works contracts.

d Requirement – For Construction Services, 15% Apprenticeship Program: Oakland’s Apprenticeship Program applies to this contract. This program requires contractors to provide employment to Oakland apprentices equal to 15% of the total project work hours on a craft-by-craft basis, or demonstrate through good faith efforts that at the time of the contract there were insufficient Oakland apprentices available to perform contracted work on a craft-by-craft basis equal to fifteen percent (15%) of the total hours. Contractors will have either provided
employment to Oakland apprentices equal to 15% of project hours on a craft-by-craft basis or secured waiver(s) from the City. Specific details of the L/SLBE, LEP and Apprenticeship Program are addressed in the Local and Small Business Program which can be viewed on our website
http://www2.oaklandnet.com/Government/o/CityAdministration/d/CP/index.htm under the heading "Local and Small Local Business Program." or at 250 Frank H. Ogawa Plaza, Room 3341 City Administrator's Office, Division of Contracts and Compliance.

The Prevailing Wages Ordinance can be viewed at our website http://www2.oaklandnet.com/Government/o/CityAdministration/d/CP/ g/PolicesOrdinances/index.htm Policies and Ordinances or at 250 Frank H. Ogawa Plaza, Room 3341 City Administrator's Office, Division of Contracts and Compliance. The California Department of Industrial Relations (DIR), Divisions of Labor Statistics and Research, annually determines prevailing wages and may be found at www.dir.ca.gov/DLSR/PWD.

f. Requirement – For Construction Services, contractors are required to submit weekly certified payroll documents five days after each pay period to the City and will be monitored/audited for compliance. The City will investigate discrepancies in the audit as well as prevailing wage claims, and may request further documentation or proof of compliance. In the event that the City or Agency determines that Contractor has failed to pay any of its employees in accordance with the appropriate prevailing wage rate, findings will be reported to the Department of Labor and/or the difference between the amount paid and amount owed for prevailing wages from any amount owed contractor will be withheld until such time as the payment dispute is fully and finally resolved.

g. Requirement – For Construction Services, Electronic Payroll Submittals - The prime contractor and all subcontractors must submit all certified payrolls via the LCPTracker System, in accordance with the City of Oakland's Local and Small Local Business Enterprise.
Program. The monthly service charge for Prime contractors is $160.00 per month for contracts less than 5 million dollars and $320.00 for contracts greater than 5 million dollars, subcontractors will not be charged for this service.

h. Good Faith Effort - In light of the fifty (50%) percent requirement, good faith effort documentation is not necessary.

i. Preference Points – Preference points are earned based on the level of participation proposed prior to the award of a contract. Upon satisfying the minimum fifty percent requirement, a consultant will earn two (2) preference points. Three additional preference points may be earned at a rate of one point for every additional ten percent participation up to eighty percent participation of the total contract dollars spent with local Oakland certified firms.

j. A firm may earn up to five (5) preference points for local Oakland business participation and additional preference points for being a long-term certified business in Oakland regardless of size and for having an Oakland workforce.

k. In those instances where VSLBE participation is evident, the level of participation will be double-counted towards meeting the requirement.

l. Additional Preference Points. For Request for Proposal (RFP) and Request for Qualifications (RFQ), additional Preference Points may be earned for having an Oakland workforce on Non-Construction Contracts.

m. Earning extra preference points for having an existing work force that includes Oakland residents is considered added value. The Request for Proposal “evaluation” process allows for additional preference points over and above the number of points earned for technical expertise. Typically, 100 points may be earned for the technical elements of the RFP. Preference points are awarded over and above the potential 100 points.

n. The Exit Report and Affidavit (ERA) – This report declares the level of participation achieved and will be used to calculate banked credits. The prime consultant must complete the Schedule F, Exit Report and Affidavit for, and have it executed by, each L/SLBE sub consultant and submitted to the Office of the City Administrator, Contracts and Compliance Unit, along with a copy of the final progress payment application.

o. Joint Venture and Mentor Protégé Agreements. If a prime contractor...
or prime consultant is able to develop a Joint Venture or "Mentor-Protégé" relationship with a certified LBE or SLBE, the mentor or Joint Venture partners will enjoy the benefit of credits against the participation requirement. In order to earn credit for Joint Venture or Mentor-Protégé relationships, the Agreement must be submitted for approval to the Office of the City Administrator, Contracts and Compliance Unit, prior to the project bid date for construction, and by proposal due date for professional services contracts. Each Change Notice may specify changes to the Work, including without limitation, designs, specifications, time and place of delivery and the nature, time and place of the provision of Services. If any Change Notice causes an increase or decrease in the price or the time required for performance under this Agreement,

(b) Change Notices issued under this Agreement must be accepted or rejected in writing by Contractor within ten (10) days of Contractor's receipt of its issuance. If the Services Contractor shall provide will become the subject of an Action or claim of infringement or violation of the Intellectual Property Rights of a third party, City, at its option shall require Contractor, at Contractor's sole expense to (1) procure for City the right to continue using the Services, or (2) replace or modify the Services so that no infringement or other violation of Intellectual Property Rights occurs, if City determines that, (A) such replaced or modified Services will operate in all material respects in conformity with the then-current specifications for the Services, and (B) City's use of the Services is not impaired thereby. Contractor's obligations under this Agreement will continue uninterrupted with respect to the replaced or modified Services as if they were the original Services.

(c) For the purposes of the indemnification obligations set forth herein, the term "Contractor" includes, without limitation, Contractor, its officers, directors, employees, representatives, agents, servants, sub consultants, and subcontractors.

(d) Contractor acknowledges and agrees that it has an immediate and independent obligation to indemnify and defend Indemnitees from any Action which potentially falls within this indemnification provision, which obligation shall arise at the time an Action is tendered to Contractor by City and continues at all times thereafter, without regard to any alleged or actual contributory negligence of any Indemnitee. Notwithstanding anything to the contrary contained herein, Contractor's liability under this Agreement shall not apply to any Action arising from the sole negligence, active negligence or willful misconduct of an Indemnitee.

(e) City shall give Contractor prompt written notice of any Action and shall fully cooperate with Contractor in the defense and all related settlement negotiations to the extent that cooperation does not conflict with City's interests.
Notwithstanding the foregoing, City shall have the right, if Contractor fails or refuses to defend City with Counsel acceptable to City, to engage its own counsel for the purposes of participating in the defense. In addition, City shall have the right to withhold payments due Contractor in the amount of reasonable defense costs actually incurred. In no event shall Contractor agree to the settlement of any claim described herein without the prior written consent of City.

(f) All of Contractor's indemnification obligations hereunder are intended to apply to the fullest extent permitted by law (including, without limitation, California Civil Code Section 2782) and shall survive the expiration or sooner termination of this Agreement.

(g) Contractor's indemnification obligations hereunder shall not be limited by the City's insurance requirements contained in Schedule B hereof, or by any other provision of this Agreement.

16. Termination

(a) Termination for Breach. If Contractor breaches any material obligation under this Agreement and fails to cure the breach within 30 days of receipt of written notice from City of said breach, City may terminate the Agreement and, at its option (i) require that Contractor repay City all monies City has paid Contractor under this Agreement or (ii) retain the portion of Contractor's deliverables that the City has accepted and paid the Contractor for and complete performance of the Agreement with another vendor. In the event City elects to complete performance of the Agreement with another vendor, Contractor shall remain liable for any increase in costs to City of completing the Agreement in excess of the price City would have paid Contractor for completing the Agreement.

(b) Contractor may terminate this Agreement if City breaches a material provision of the Agreement and does not cure the breach within 30 days of written notice from Contractor of said breach. In such event, Contractor will be entitled to payment for deliverables which City has accepted in accordance with the testing and acceptance provisions of this Agreement.

(c) Bankruptcy. Either party may immediately terminate this Agreement if (i) the other party files a petition for bankruptcy or has filed against it an involuntary petition for bankruptcy which is not dismissed within 60 days of its filing, (ii) a court has appointed a receiver, trustee, liquidator or custodian of it or of all or a substantial part of the other party's property, (iii) the other party becomes unable, or admits in writing its inability, to pay its debts generally as they
mature, or (iv) the party makes a general assignment for the benefit of its or any of its creditors.

(e) **Termination for Convenience by City** City may terminate this Agreement for any reason at any time upon not less than ninety (90) days' prior written notice to Contractor. After the date of such termination notice, Contractor shall not perform any further services or inure any further costs claimed to be reimbursable under this Agreement, any Purchase Order, Change Order, or Change Notice without the express prior written approval of City. As of the date of termination, City shall pay to Contractor all undisputed amounts then due and payable under this Agreement.

**Transition Services after termination.** In connection with the expiration or other termination of this Agreement or the expiration of this Agreement, Contractor may provide transition services as requested by City. Such transition services shall be subject to the pricing provided in this Agreement or any amendment thereto.

17. **Abandonment of Project**

The City may abandon or indefinitely postpone the project or the services for any or all of the project at any time. In such event, the City shall give thirty (30) days written notice of such abandonment. Upon City’s approval, Contractor may expend a reasonable amount of additional time to assemble work in progress for the purpose of proper filing and closing the job. Prior to expending said time, Contractor shall present to the City a complete report of said proposed job closure and its costs, and the City may approve all or any part of said expense. Such additional time shall not exceed ten percent (10%) of the total time expended to the date of notice of termination. All charges thus incurred and approved by the City, together with any other undisputed charges outstanding at the time of termination, shall be payable by the City within thirty (30) days following submission of a final statement by Contractor.

18. **Commencement, Completion and Close-out**

It shall be the responsibility of the Contractor to coordinate and schedule the work to be performed so that commencement and completion take place in accordance with the provisions of this Agreement.

Any time extension granted to Contractor to enable Contractor to complete the work must be in writing and shall not constitute a waiver of rights the City may have under this Agreement.

Should the Contractor not complete the work by the scheduled date or by an extended date, the City shall be released from all of its obligations under this Agreement.

Within thirty (30) days of completion of the performance under this Agreement, the Contractor shall make a determination of any and all final costs due under this Agreement and shall submit a requisition for such final and complete payment (including without limitations any and all claims relating to or arising from this Agreement) to the City. Failure of the Contractor to timely submit a complete and accurate requisition for final payment shall relieve the City of any further obligations under this Agreement, including without limitation any obligation for payment of work performed or payment of claims by Contractor.
19. **Bankruptcy.**

All rights granted to City pursuant to this Agreement are, and shall be deemed to be, for purposes of Section 265(n) of the U.S. Bankruptcy Code, licenses of rights to "intellectual property" as defined under Section 101 of the U.S. Bankruptcy Code. In a bankruptcy or insolvency proceeding involving Contractor, the parties agree that City, as licensee of such rights, shall retain and fully exercise all of its rights and elections under the U.S. Bankruptcy Code, and the provisions thereof shall apply notwithstanding conflict of law principles. The parties further agree that, in the event of the commencement of a bankruptcy or insolvency proceeding by or against Contractor under the U.S. Bankruptcy Code, City shall be entitled to a complete duplicate of any such intellectual property and all embodiments of such intellectual property, to which City would otherwise be entitled under this Agreement, and the same, if not already in City's possession, shall be promptly delivered to City (a) upon any such commencement of a bankruptcy proceeding upon written request therefore by City, unless Contractor elects to continue to perform all of its obligations under this Agreement, or (b) if not delivered under (a) above, upon rejection of this Agreement by or on behalf of Contractor upon written request therefore by City. 1. **Business Tax Certificate**

Contractor shall obtain and provide proof of a valid City business tax certificate. Said certificate must remain valid during the duration of this Agreement.

2. **Inspection of Books and Records/Right to Audit**

(a) During the term of this Agreement, and for a period of four (4) years after the termination of this Agreement, or two (2) years after the closure of any disputed matter, whichever occurs later, (the "Audit Period"), Contractor shall maintain financial and operational records related to this Agreement or to any other Agreement with City. Contractor shall make all books and records open to inspection by the governing agency, City Auditor or their individually assigned designee during normal business hours at a location within a twenty-five (25) mile radius of the City of Oakland for the period of this contract and for a period of four years after the close of each contract year.

(c) Such Audits may be performed by City through its employees or by its designees, including, without limitation, a third party auditor retained by City. City’s right to Audit under this Section 21 is independent, separate and distinct from any right to audit such books and records reserved by law or contract, or as a condition of funding, by the county, state or federal government.

(d) If any Audit of Contractor’s invoices or other records reveals any variance from any invoice to City, or of any amount of funds provided to Contractor by City which is in excess of the amount actually due to Contractor by City, then
Contractor shall immediately refund any excess payment or funds received from City. In addition, if any Audit reveals any variance from any invoice or funds received from City in excess of one-half percent (5%) of the amount shown on such invoice or the amount of funds actually due to or granted to Contractor by City, Contractor shall immediately reimburse City for all costs and expenses incurred in conducting such Audit. Failure to pay such variance and the cost of the Audit as required herein shall constitute and be deemed a material breach of the Agreement by Contractor and will subject Contractor to termination of the Agreement by City and to a breach of contract claim for damages by City.

Three additional preference points may be earned at a rate of one point for every additional ten percent participation up to eighty percent participation of the total contract dollars spent with local Oakland certified firms.

   b. A firm may earn up to five (5) preference points for local Oakland business participation and additional preference points for being a long term certified business in Oakland regardless of size and for having an Oakland workforce.

   c. In those instances where VSLBE participation is evident, the level of participation will be double-counted towards meeting the requirement.

   d. **Additional Preference Points** - For Request for Proposal (RFP) and Request for Qualifications (RFQ), additional Preference Points may be earned for having an Oakland workforce on Non-Construction Contracts.

   e. **Earning extra preference points** for having an existing workforce that includes Oakland residents is considered added value. The Request for Proposal “evaluation” process allows for additional preference points over and above the number of points earned for technical expertise. Typically 100 points may be earned for the technical elements of the RFP. Preference points are awarded over and above the potential 100 points.

   f. **The Exit Report and Affidavit (ERA)** - This report declares the level of participation achieved and will be used to calculate banked credits. The prime consultant must complete the Schedule F, Exit Report and Affidavit for, and have it executed by, each L/SLBE sub consultant and submitted to the Office of the City Administrator, Contracts and Compliance Unit, along with a copy of the final progress payment application.
g. Joint Venture and Mentor Protégé Agreements. If a prime contractor or prime consultant is able to develop a Joint Venture or "Mentor-Protégé" relationship with a certified LBE or SLBE, the mentor or Joint Venture partners will enjoy the benefit of credits against the participation requirement. In order to earn credit for Joint Venture or Mentor-Protégé relationships, the Agreement must be submitted for approval to the Office of the City Administrator, Contracts and Compliance Unit, prior to the project bid date for construction, and by proposal due date for professional services contracts. Joint Venture Applications and elements of City approved Mentor Protégé relation are available upon request.

j. In the recruitment of subcontractors, the City of Oakland requires all contractors to undertake nondiscriminatory and equal outreach efforts, which include outreach to minorities and women-owned businesses as well as other segments of Oakland’s business community. The City Administrator will track the City’s MBE/WBE utilization to ensure the absence of unlawful discrimination on the basis of age, marital status, religion, gender, sexual preference, race, creed, color, national origin, Acquired-Immune Deficiency Syndrome (AIDS), AIDS-Related Complex (ARC) or disability.
